Another good idea... yes, I will bring this up with her.

FYI on the fact sheet—see below.

Since ORD has the lead for the overarching effort, perhaps asking Jennifer OZ to set up the briefing for you may be the best path forward? Then ORD can also get you up to speed on their entire plan..  
Are you chatting with her this week?

Nancy

They were due Oct 26 but I know that some other offices have not gotten them in. Thanks for any edits. I think Nancy said she had thoughts too.

The purpose of this exercise is to inventory what each office is doing (not to be shared externally). I spoke to the OW coms director who has the lead for pulling these - she said we don't necessarily have to take the other info out but to make sure we have the OCSPP inventory and and related context and messaging. She would rather have drafts to look at together rather than perfect documents. She may be editing and combining them herself. We can add a heading of "OCSPP" at the top and remove the section at the bottom saying we are the lead for the Agency.

Thanks, Charlotte.

Nancy, I know you mentioned you would have some comments. Just don't want this to fall off the radar. I think getting back to the OW organizer this week would be OK. Thanks, Linda

I think this has a lot of good information in it. It differs a little from what was requested which was for each AA-ship to provide its inventory of activities and messages for internal use. This does that but looks more like an Agency-wide fact sheet.

OW coms director who is coordinating this says she'd rather just see what we have – since it's only for internal use. **Deliberative Process / Ex. 5** I have not made any edits. Let me know what you think.

Thanks, Linda

Linda,

CCD developed the attached paper on PFOA/PFOS and RAD and Jeff reviewed and concurred. Please take a look and let us know if any questions.

Thanks,  
Hans

**Subject:** GenX/PFOA/PFOS Comms Weekly Meeting Follow Up

Hi all—

In follow up to our call yesterday, I wanted to provide some information on what you might include in your one/two pagers on past/current/upcoming actions in your office. Deliberative Process / Ex. 5  
free to use whatever format works best for your office as long as you are answering the general “what are we doing” question:

**Overview/Background** – Historically, what work has been done on PFAS in x office?

**Current Action** – What work is happening now?

**What’s Next** – What work does x office anticipate need to complete to learn more about PFAS, etc.?

**Current Messages** – What would you tell someone today, if they asked “Is my water safe to drink? Is the air clean to breathe? Are these chemicals harmful to my health?”

Please provide me with your one/two pagers by **COB on October 26<sup>th</sup>**.

I’m working on a shared folder/sharepoint site and will update you when I have something concrete on that front. And, lastly, thanks to the subset of you who are looking at the blurb for Nancy. I will share the updated version with everyone on this email.
